NATIONAL ENGLISH SPEAKING COMPEITTION

Date: December 6 2020

Event Name: NESC English Speaking Competition

National English Speaking Judge

Invitation by China Daily

STEM PROGRAMME AT OASIS ENGLISH KINDERGARTEN

Date: May 18 2021

Starting a STEM Education Program, Oasis, for English Kindergarten students to give them a head start before they transition to primary school.

STEM EXPERIENCE DAY

Date: May 20 2021

We held a STEM experience at Yeung School in Hong Kong, providing students with hands-on projects and collaborative learning opportunities.

THE SCHOOL SPORTS FEDERATION OF HONG KONG (KWAI CHING)

Date: October 13 2021

Joined the School Sports Federation of Hong Kong (Kwai Ching) as their honorary chairman, committed to enhancing sports opportunities for local schools.

STEM WORKSHOP

Date: February 6 2022

We held a STEM workshop at T.W.G.Hs Lui Yun Choy Memorial College in Hong Kong, providing students with hands-on projects and collaborative learning opportunities.

21ST CENTURY CUP NATIONAL ENGLISH SPEAKING COMPETITION

Date: May 21 2022

I co-hosted the 21st Century Cup National English Speaking Competition while serving as a judge, evaluating students' presentation and speaking skills.

Century Cup

English Speaking Competition

Region Awards Ceremony

21ST CENTURY CUP NATIONAL ENGLISH SPEAKING AWARD CEREMONY

We proudly hosted an awards ceremony featuring over 100 participating schools. Our initiative focused on enhancing public speaking skills and building the confidence needed for students to excel.

Our organization excels in running workshops and competitions that enhance English language skills and public speaking. With extensive experience, our expert facilitators empower participants through engaging programs tailored to various skill levels. We foster a dynamic learning environment where students confidently showcase their abilities in competitions that highlight their achievements.

3D MODELING AND ANIMATION COURSE

Date: October 18 2022

We launched a 3D modeling and animation course at St. Stephen's College in Hong Kong, introducing students to key techniques and software.

3D PRINTING AND PROUDCT DESIGN

Date: October 24 2022

Our company offered a 3D printing and product design course at Chan's Creative School, teaching school teachers to create and print their own prototypes and turn ideas into tangible products.

METaverse PIXEL ART WORKSHOP AT 3HK

Date: October 30 2022

We partnered with 3HK to host a Metaverse Pixel Art workshop that combined traditional artistic techniques with digital applications. Participants explored the creative potential of pixel art in the metaverse, guided by experts who fostered their creativity and understanding of the digital art landscape.

Through hands-on activities, attendees learned essential skills in pixel placement and animations, discovering how to integrate their artwork into virtual environments. This collaboration not only provided valuable resources but also created a vibrant community of aspiring artists eager to explore the intersection of art and technology.

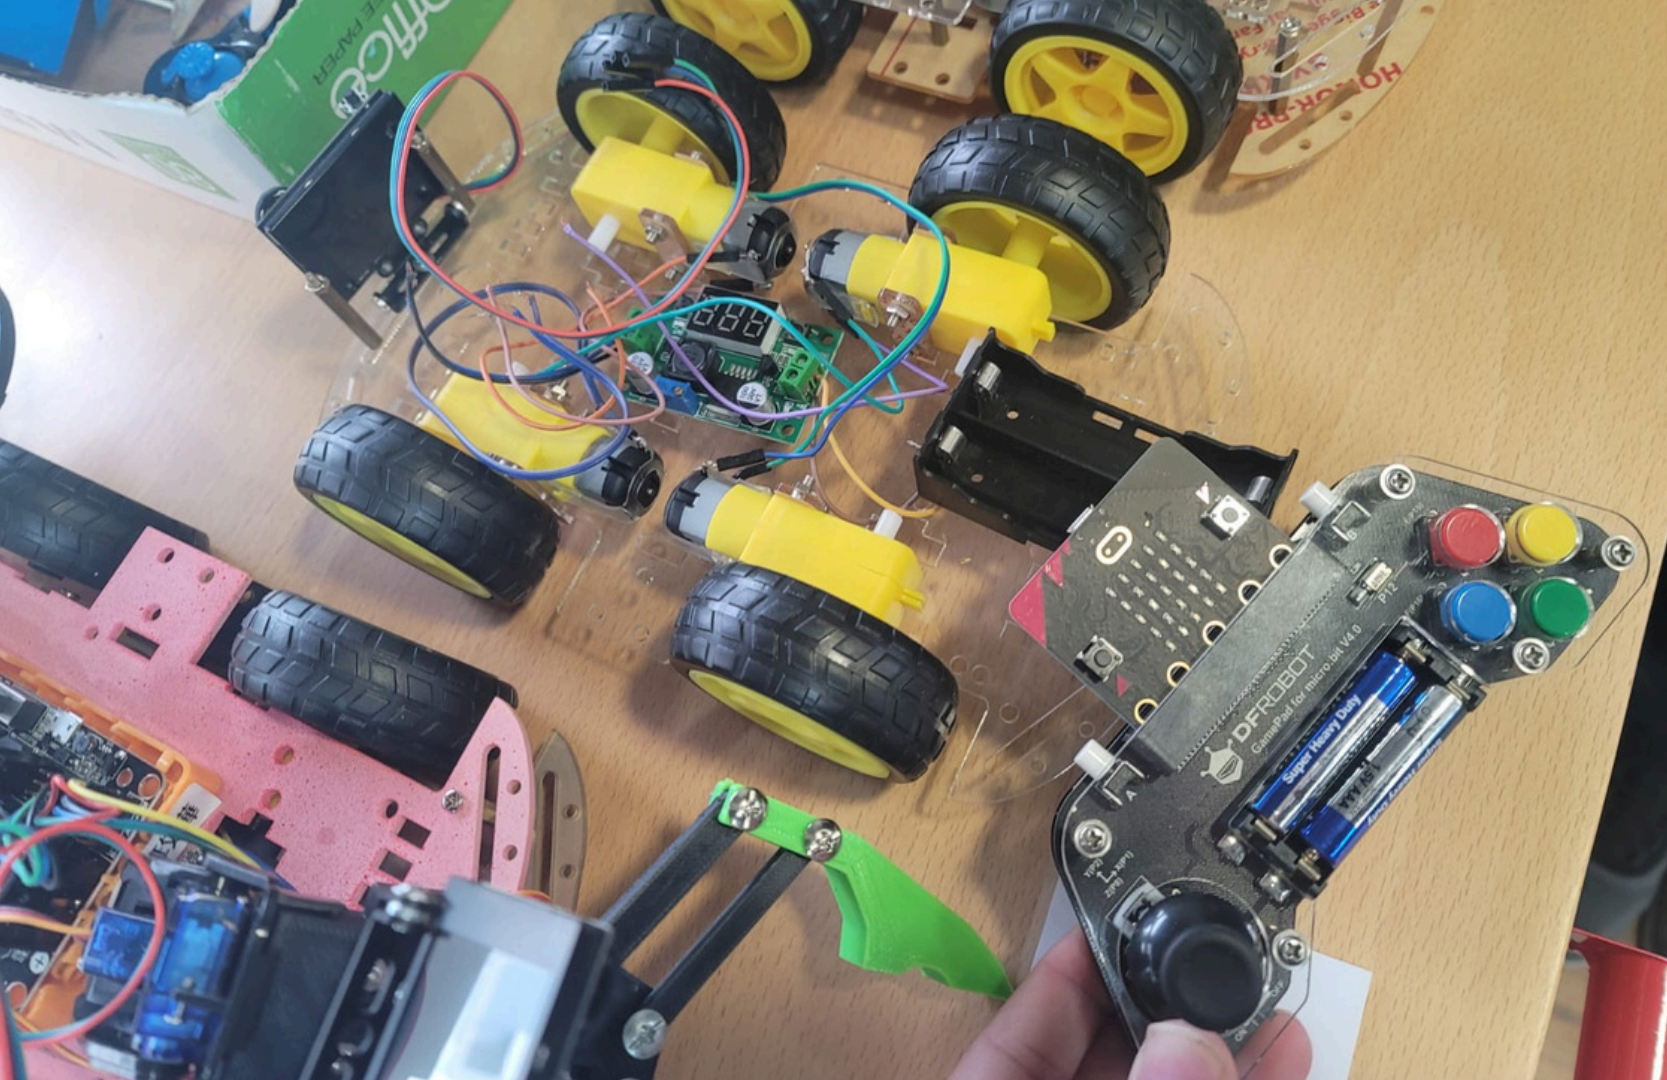

HONG KONG CULTURAL HERITAGE METaverse COMPETITION

Date: November 28 2022

A remarkable metaverse competition showcased Hong Kong's cultural heritage by engaging 100 schools in an inspiring event. Students participated in comprehensive training to create 3D assets, allowing them to delve into the region's rich traditions, historical landmarks, and community narratives in a vibrant digital format.

The competition fostered creativity and collaboration, as participants designed immersive virtual experiences that highlighted Hong Kong's diverse cultural landscape. Through this innovative approach, students not only developed technical skills but also deepened their appreciation for their heritage, strengthening their connection to the community and its history.

ROBOTICS AND RC CAR WORKSHOP

Date: January 16th 2023

At Choi Wan St. Joseph Primary School, an engaging robotics and RC car workshop captivated students' imaginations and curiosity. Participants had the opportunity to learn about the fundamentals of robotics while building their own remote-controlled cars.

CAREER FAIR AT KGV (ESF SCHOOL)

Date: February 15 2023

The career fair at King George V School (KGV), part of the English Schools Foundation (ESF), provided an enriching experience for students exploring diverse career paths. A wide range of professionals from various industries gathered to share insights, advice, and real-world experiences, helping students gain a better understanding of potential futures.

IMMERSIVE LEARNING EXPERIENCE

Date: February 24 2023

At Chi Yun School, a sensory room was built to provide special education needs (SEN) students with an immersive learning experience. Equipped with interactive elements like calming lights and tactile materials, the room is designed to enhance engagement and support communication and motor skills.

FINANCE STUDY TOUR

Date: February 26 2023

A finance study tour provided students with the opportunity to deepen their understanding of financial literacy. During the tour, participants visited various financial institutions and engaged with industry professionals, gaining insights into budgeting, investing, and personal finance management.

VR ART WORKSHOP

Date: April 10 2023

At King Lam Catholic Primary School, a vibrant VR art program was introduced, allowing students to explore their creativity in a new and immersive way. Through virtual reality technology, students created stunning artworks in a 3D environment, learning to express themselves artistically while developing digital skills.

ENGLISH LEARNING AND META LIBRARY

Date: May 5 2023

Our company designed an innovative English learning program at Buddhist Wong Fung Ling College, featuring a meta library designed to enhance students' language skills. This interactive space offers a variety of digital resources, including e-books, videos, and interactive exercises, allowing students to engage with English in dynamic ways.

3D PRINTING FOR SEN

Date: May 5 2023

At Po Leung Kuk Anita L. L. Chan (Centenary) School, we recently provided SEN students with an engaging 3D printing experience. This hands-on program allowed them to design and create custom objects, stimulating creativity and interaction.

ENHANCED RC CAR WORKSHOP

Date: June 5 2023

At Lam Man Chan Secondary School, we enhanced the RC car workshop to offer students an exciting and enriching experience. Participants engaged in hands-on activities, learning about the mechanics and electronics behind remote-controlled cars.

HARVARD DINS & TONIC ACAPELLA GROUP PERFORMANCE

Date: September 11 2023

I invited the Harvard Din & Tonic a cappella group to perform schools, and they delivered an unforgettable show. Their impressive vocal harmonies and diverse repertoire captivated the audience, bringing vibrant energy and leaving attendees inspired.

ENGLISH LEARNING THROUGH ARTICLES

Date: September 20 2023

At Buddhist Wong Fung Ling College, we utilized China Daily articles as a resource to teach kids English. This approach allowed students to engage with current events and diverse topics while improving their language skills.

KOREA STUDY TOUR EXCHANGE

Date: November 4 2023

At the Gwangju Cultural Foundation's event, I introduced a magician and a face-changing artist. Their performances dazzled the audience, celebrating cultural richness and connection.

ECA EXPERIENCE DAY

Date: November 25 2023

At Buddhist Yip Kei Nam Memorial College, we hosted an Experience Day where we invited individuals with diverse talents to engage with students. This event allowed participants to showcase their skills, ranging from arts and crafts to sports and music.

METaverse EXPERIENCE DAY

Date: December 1 2023

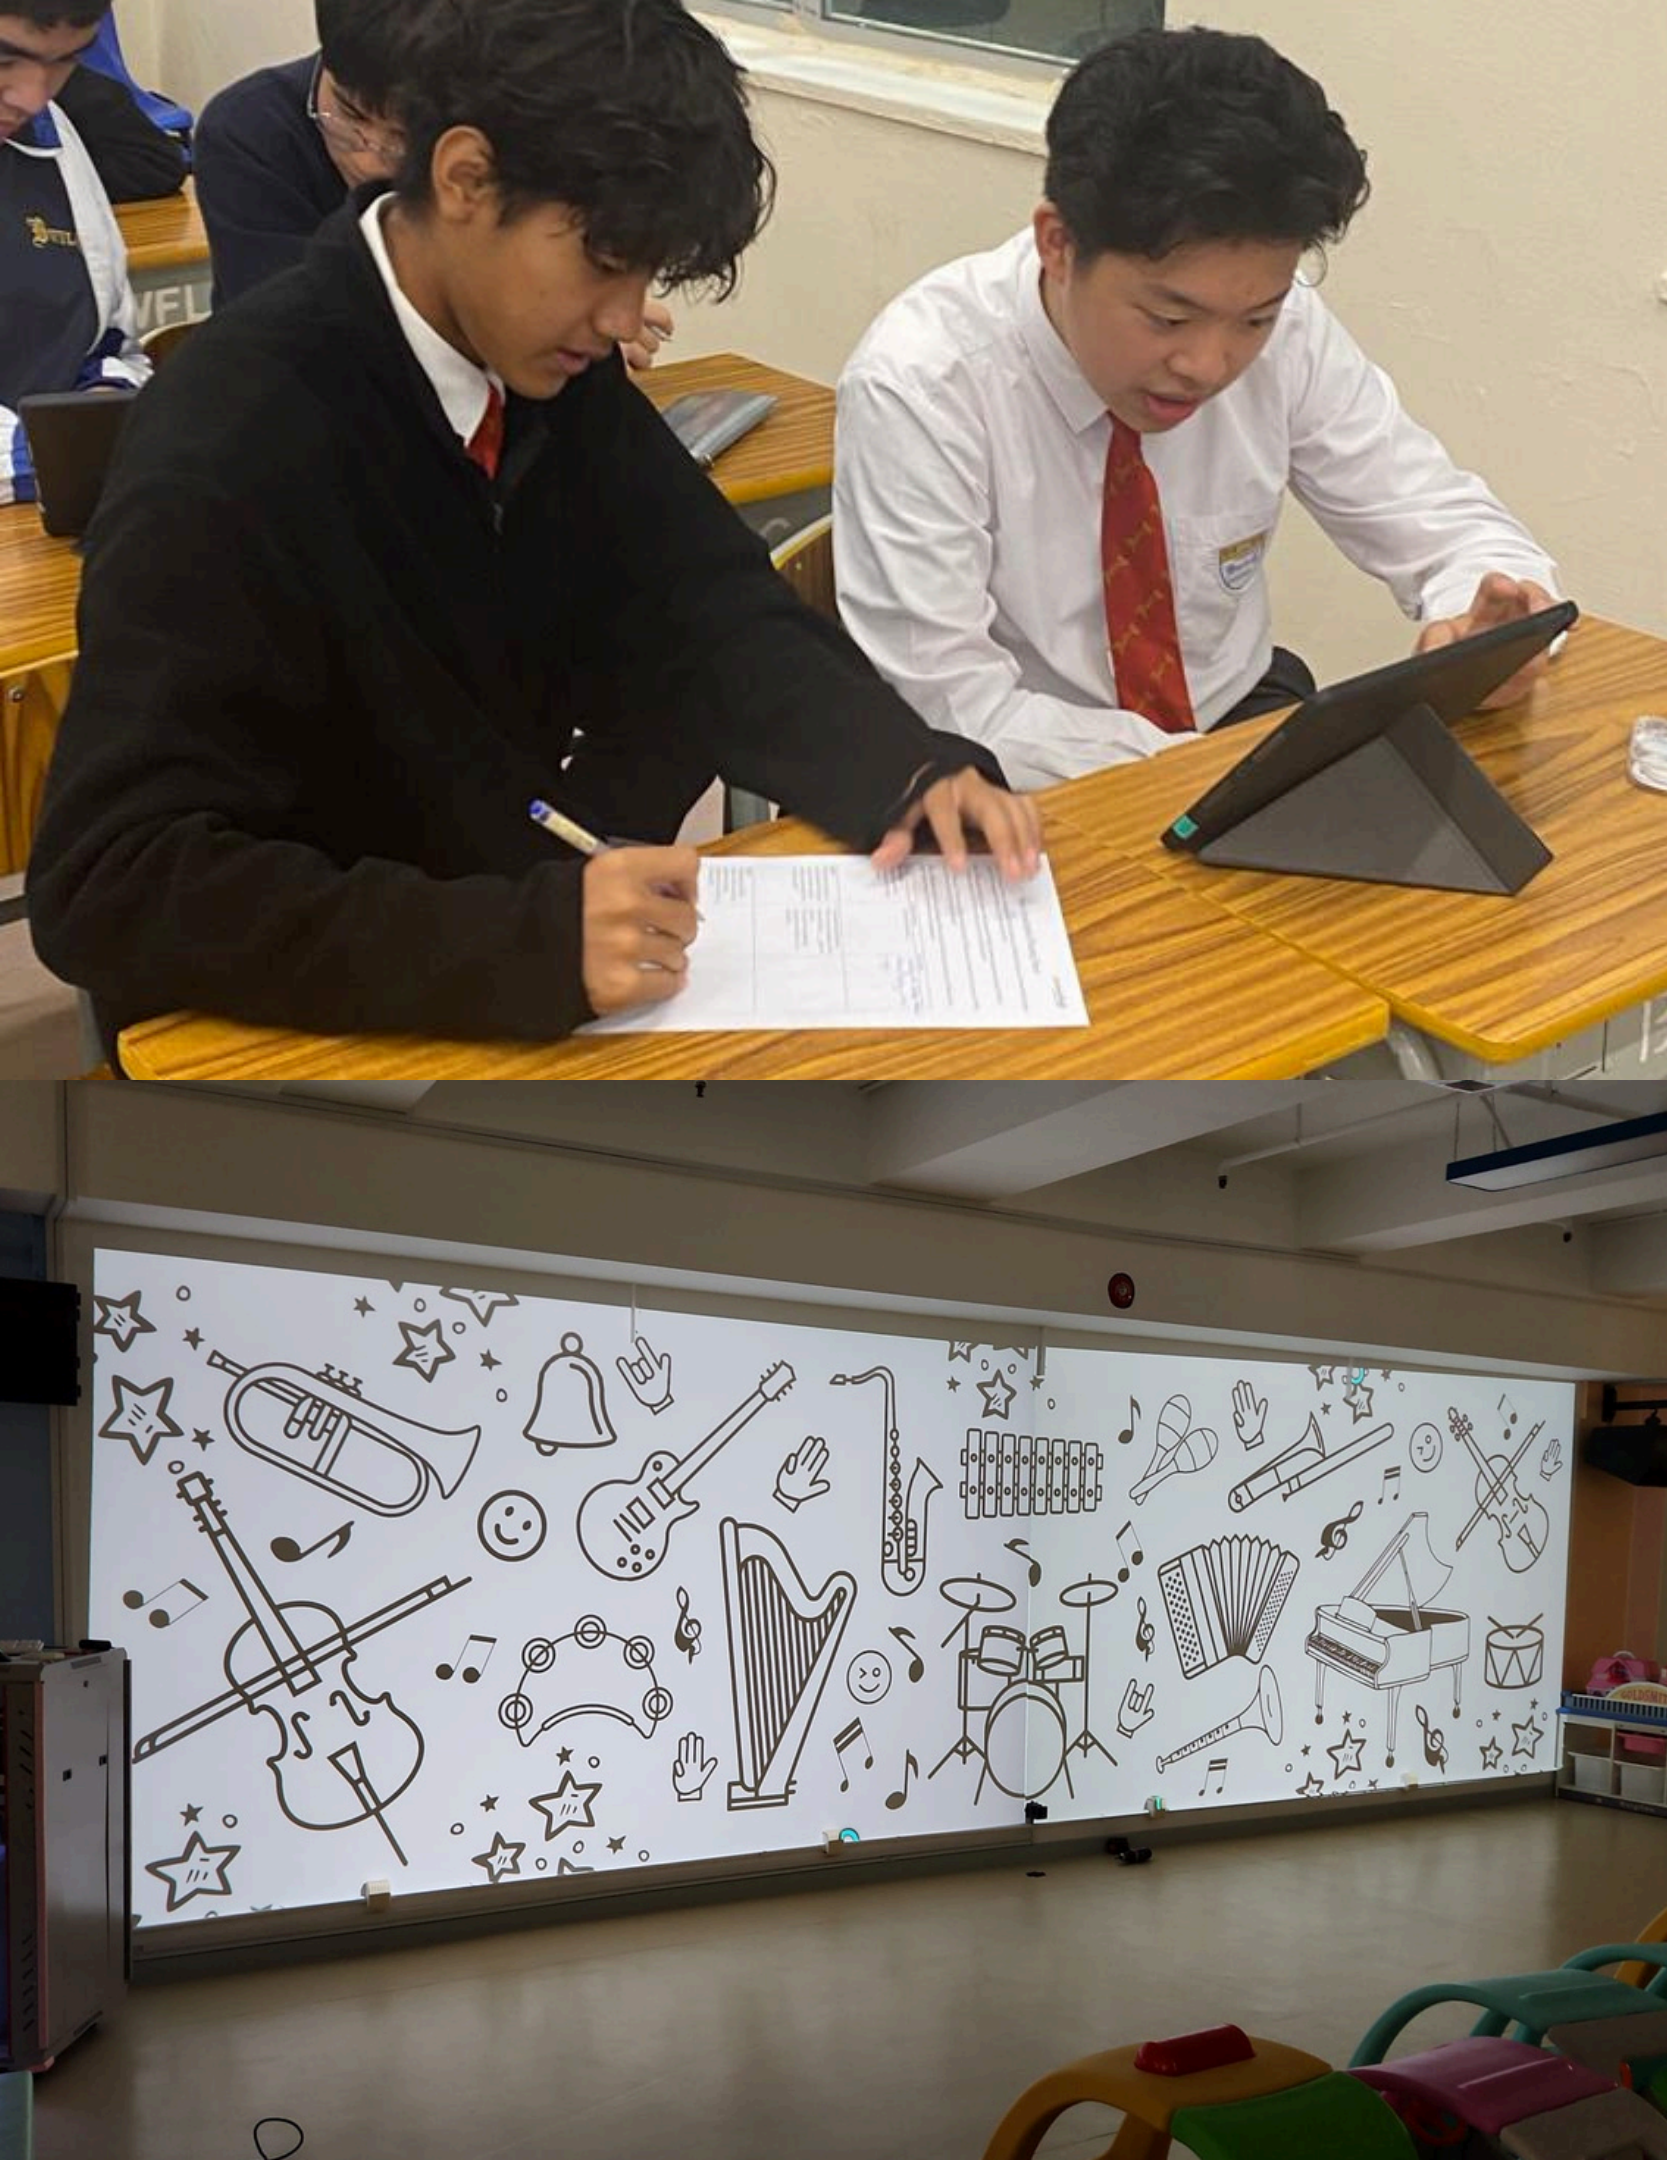

At Lu Kwong Fai Memorial School, we provided students with an engaging metaverse experience. This immersive event allowed them to explore virtual environments, interact with digital assets, and learn about the possibilities of technology in a creative way.

MINECRAFT CODING WORKSHOP

Date: December 1 2023

At T.W.G.Hs Lui Yun Choy Memorial College, we held a captivating Minecraft coding workshop where students learned to code their own modifications and creations. This engaging experience fostered creativity and developed essential coding skills.

ENGLISH LEARNING THROUGH ARTICLES ENHANCED CLASS

Date: December 6 2023

I invited the Harvard Din & Tonic a cappella group to perform schools, and they delivered an unforgettable show. Their impressive vocal harmonies and diverse repertoire captivated the audience, bringing vibrant energy and leaving attendees inspired.

ENGLISH LEARNING THROUGH ARTICLES

Date: December 9 2023

We installed an interactive display wall at the school to showcase student work and promote engagement. This dynamic setup allows for multimedia interaction, enhancing the learning experience and fostering community pride in student achievements.

DIGITAL ART SEMINAR

Date: March 18 2024

At Fanling Lutheran Secondary School, we held a digital art seminar that inspired students to explore their creativity and learn digital art techniques from industry professionals.

CAREER FAIR AT YEW CHUNG

Date: April 11 2024

At Yew Chung College of Early Childhood Education, we hosted a career fair that guided students in exploring opportunities in early childhood education. Professionals shared insights and advice to help prepare them for future roles in the field.

TUNG WAH GROUP EDUCATION DIVISION

Date: May 18 2024

We collaborated closely with the Tung Wah Group Education Division to provide essential educational support for students.

STEM EXPERIENCE DAY

Date: May 24 2024

We hosted a STEM Experience Day at Tung Wah Group of Hospitals Wong Yee Jar Jat Memorial Primary School. Students engaged in hands-on activities that inspired curiosity and fostered a love for science, technology, engineering, and mathematics.

RADCLIFFE PITCHES ACAPELLA GROUP FROM HARVARD

Date: June 5 2024

We invited the Radcliffe Pitches a cappella group from Harvard to perform at local schools, inspiring students with their captivating harmonies and talent.

AR/VR EXPERIENCE WORKSHOP

Date: June 25 2024

We provided an AR/VR experience at Po Leung Kuk Anita L. L. Chan (Centenary) School, allowing students to explore immersive digital environments. This engaging experience enhanced their learning and sparked curiosity about technology and innovation.

CHINESE CULTURE EXPERIENCE DAY

Date: June 28 2024

We hosted a Chinese Culture Experience Day at Yip Kei Nam Memorial College, offering students activities like performances and traditional crafts to enhance their appreciation of Chinese heritage.

INFORMATION LITERACY SEMINAR

Date: June 28 2024

We organized an information literacy seminar to teach students essential skills in research, critical thinking, and digital resource management, empowering them to make informed decisions.

CHINESE CULTURE DAY CANDY MAKING

Date: October 3 2024

We hosted a Chinese Culture Day focused on candy making, where students learned traditional techniques to create delicious sweets. This hands-on activity celebrated cultural heritage and helped students appreciate Chinese culinary traditions.

AR BOOK READING DAY

Date: October 31 2024

We hosted an AR Book Reading Day at HKCA PLK, enhancing students' reading experiences with interactive augmented reality features.

AI IMAGE GENERATION SEMINAR

Date: March 6 2025

We hosted an AI Image Generation seminar, showcasing techniques for creating visuals with artificial intelligence and sparking discussions on the future of digital art.

ART EXCHANGE STUDY TOUR JAPAN

Date: May 1 2025

We organized an art exchange study tour to Japan with ELCHK Lutheran Secondary School, where students explored various artistic practices and cultural sites. This enriching experience fostered creativity and cross-cultural understanding.

AR BOOK ENGLISH READING DAY

Date: May 23 2025

We hosted an AR Book English Reading Day, where students engaged with books through augmented reality features, making reading interactive and exciting while enhancing their language skills.

CHINESE CULTURE STUDY TOUR

Date: July 23 2025

We organized a Chinese culture study tour to the Hong Kong Museum of History, where students explored exhibits that showcased the region's rich heritage. This immersive experience deepened their understanding and appreciation of Chinese culture.

STEAM EDUCATION SEMINAR

Date: May 23 2025

We held a STEAM education seminar at Creative Secondary School, featuring interactive workshops that inspired students to explore innovative learning in science, technology, engineering, arts, and mathematics.

STEAM WORKSHOPS

Date: August 20 2025

We conducted STEAM workshops at Creative Secondary School, teaching students digital art, 3D modeling, 3D printing, and AR/VR technologies. These hands-on sessions fostered creativity and innovation in their learning.

INFORMATION LITERACY SEMINAR

Date: October 14 2025

We hosted an information literacy seminar led by CPPCC's Xeron Chan, focusing on research skills, critical thinking, and evaluating information sources. Attendees gained valuable insights to enhance their information literacy.

IOT AND ROBOTICS WORKSHOP

Date: January 2 2026

We conducted an IoT and robotics workshop, where participants learned about Internet of Things concepts and hands-on robotics applications. The engaging sessions fostered creativity and technical skills in emerging technologies.
